## **City of New Rochelle New York**

November 5, 2025

To the Honorable Mayor,  
Members of the City Council and  
Citizens of the City of New Rochelle, New York:

Submitted herewith is the Annual Comprehensive Financial Report (ACFR) of the City of New Rochelle, New York (the City) for the year ended December 31, 2024. This audited financial report is submitted pursuant to the requirements of Sections 47.02 and 117 of the City Charter.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. Management asserts that to the best of our knowledge and belief, this ACFR is complete and reliable in all material aspects.

The City's financial statements have been audited by EFPR Group, CPAs, PLLC, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the year ended December 31, 2024 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering unmodified opinions that the City's basic financial statements for the year ended December 31, 2024 are fairly presented in accordance with accounting principles generally accepted in the United States (GAAP). The independent auditors' report is presented as the first component of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditors' report and provides a narrative introduction, overview and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

This report has also been prepared and organized to meet the requirements of the Government Finance Officers Association's (GFOA) Certificate of Achievement for Excellence in Financial Reporting program. In accordance with those guidelines the report is presented with four major sections: Introductory, Financial and Statistical.

## **Profile of the City of New Rochelle, New York**

The City - referred to as being “forty-five minutes from Broadway” by George M. Cohan - is located on the north shore of the Long Island Sound in Westchester County, New York (the County), just north of New York City. Founded in 1688 by a group of French Huguenots seeking freedom from religious persecution, New Rochelle incorporated as a City in 1899.

The City has nine miles of shoreline, a culturally diverse population, an award-winning school system, extensive recreation and entertainment facilities, easy access to New York City and a full range of housing options, making the City a great place to live, work, relax and enjoy life. Within its 10.67 square miles, over 160 miles of streets and roads, 192 miles of sanitary sewer lines, 87 miles of storm drains, 170 traffic signals and 7,000 streetlights are maintained. The present City hall, dedicated in 1963, was originally constructed in 1906 to serve as New Rochelle High School. The City also has a police station, five fire stations, 38 parks, playgrounds, fields and recreational facilities encompassing nearly 450 acres of city parkland, a 340 space Municipal Marina, a Senior Citizen Center, a commuter railroad station, 12 public parking structures or lots, and four separate public works operations facilities consisting of a central fueling station, central garage, organic transfer station, traffic sign making office and administrative offices. The City, serves a population of 83,742 according to the U.S. Census Bureau, Quickfacts (<https://www.census.gov/quickfacts>). The Census also reports median income per capita for the City of \$62,145 and median household income of \$128,199. Based on the most recent sales data, the median sales price of homes in the City is \$841,000, well above the state-wide average.

The City has a Council-Manager form of government, approved by referendum by the City’s citizens in 1929, effective as of January 1, 1932. The City Council is the legislative body and determines policy; the City Manager administers the government and carries out the policy directives of the Council.

The City Council is a seven-member body consisting of the Mayor and six Council Members - each elected by District for four-year terms. The exception is the Mayor who is elected at-large for a four-year term. The Mayor is the presiding officer of the City Council and officiates at all City ceremonial functions. The City Council has specific duties: it sets policy; appoints the City Manager; and enacts local laws, resolutions and ordinances.

The City Manager, the Chief Executive Officer of the City, is appointed by the City Council and is responsible for planning, implementing and budgeting the delivery of City services, programs and capital projects. The City Manager, a professional administrator, executes City Council policies and directives and appoints all department commissioners and directors as well as members of various advisory and other committees. The City Manager also serves as an advisor to the City Council and develops recommendations and alternatives leading toward the preservation and enhancement of the City’s physical and economic conditions as well as its social, recreational and cultural vitality.

The City provides a full range of services. General government services include vital statistics (birth, marriage and death certificates), business, occupational and other licenses, elections, tax collection services for the City School District of New Rochelle (the District) and the County as well as the City, and a myriad of administrative functions. Public safety is provided through full-time police and fire departments and contracted ambulance services. Community environment services include community planning, engineering, building inspection, emergency disaster, street maintenance, snow removal, street lighting, off-street parking, maintenance of sewers and drains, street cleaning, solid

waste and recycling, and street tree maintenance. Recreational services include recreation activities (camps, athletics, tennis, youth and senior activities), parks and playgrounds, marina services, a municipal pool, and beach operations.

There are three independent, although related, organizations for which the City is financially accountable. The New Rochelle Industrial Development Agency (the IDA) is a public benefit corporation created under Section 908-b of the New York State General Municipal Law. Its governing board serves at the pleasure of the City Council. A City Council member and the City Manager presently sit on the IDA's board and the City provides staff services on a contractual basis to the IDA.

The City of New Rochelle Corporation for Local Development (the CLD) is a Not-for-Profit corporation created under Sections 402 and 1411 of the New York Not-for-Profit Corporation Law for the purposes of relieving unemployment, bettering job opportunities and attracting or retaining business in the City. The Board of Directors of the CLD consists of the members of the board of the IDA and are appointed by the City. As such, the CLD members have complete responsibility for management of the CLD and accountability for all fiscal matters.

The Downtown New Rochelle Business Improvement District (the BID) is a nonprofit organization formed on November 26, 1999 under Section 402 and 1411 of the New York Not-for-Profit Corporation Law. Its primary purpose is to develop the business district into a vibrant, thriving and sustainable downtown by nurturing cultural, culinary, hospitality, arts and technology, enhancing the accessibility, cleanliness and attractiveness of the district, collaborating and leading organizations in the City and supports projects designed to stimulate economic growth. The BID is a discretely presented component unit of the City. The BID may be dissolved by legislative body with all the assets reverting back to the City.

The District, whose boundaries are coterminous with those of the City, is an independent organization with a separately elected board and adopted budget. The District prepares its own financial statements and, as such, is not reflected in the City's report.

The annual budget serves as the foundation for the City's financial planning and control. When adopted, it becomes an operational and fiscal guideline for the ensuing year. It is prepared pursuant to City Charter requirements, policy direction from the Mayor and City Council and a set of budget strategies developed by the City Manager and his administrative staff. Objectives and performance measures are established and tracked for each department. Budgetary control is at the function level of expenditures. Additional information on the budgetary process is provided in Note 2 of the notes to financial statements. The City has maintained a credit rating of Aa2 from Moody's Investors Service press release dated November 8, 2024.

Following adoption of the budget, the City Charter establishes procedures for amendments during the fiscal year and processing transfers between appropriations. Amendments to the budget, which increase overall spending, must be formally adopted by ordinance of the City Council. Transfers from the contingent fund, or from one budget unit to another budget unit, must be approved by the unanimous consent of the City Council. Transfers from one item to another item in the same budget unit may be made by the City Manager, except that the City Manager does not have the authority to transfer any item that increases the authorized salary amounts.

## **Factors Affecting Financial Condition**

The City is subject to the provisions of the New York State “tax cap” legislation enacted in 2012, whose formula restricts the increase in the property tax levy to no more than 2% or the rate of inflation, whichever is less (subject to override by at least 5 of the 7 voting councilmembers). This restriction on property tax growth places an additional burden on our ability to provide services and maintain facilities within available resources.

In addition to the adequate reserves noted above, the City’s exceptional wealth levels and housing values form a foundation which can more effectively weather the financial storm than many other communities. The City must respond to this adversity by creating a financial plan that will maintain the delivery of our basic services without placing an onerous burden on our taxpayers. Thus, the information presented in the financial statements is best understood when it is considered in light of the specific environment in which the City operates.

## **Local Economy**

As the seventh largest city in New York State, the City has many positive attributes that contribute to its reputation as the “Queen City of the Sound” and its solid financial base, including:

- A strong and growing housing stock having a market value of over \$10 billion in 2024;
- A property tax collection rate in excess of 99%, one of the highest in New York State;
- An excellent school system.

As a suburb of New York City, the City’s residential housing stock remains a key component of the City’s financial strength. For the most recent twelve-month period, the City Assessor’s data reveals that 449 homes were sold. Sales prices ranged from \$62,500 to \$3.82 million. The median sales price of homes increased by 3% over the previous twelve months to \$799,000.

Downtown New Rochelle is in the midst of a massive revitalization, thanks to the City's transformational form-based zoning and streamlined development review process. Since its adoption in 2015, the City has seen a boom in residential and mixed-use development across 373 acres of the downtown. In all, 32 projects have received site plan approval, have been completed; development; the Stella at 10 Lecount Place, a 380-unit mixed-use building; 360 Huguenot, a 280-unit mixed-use development that cultural space in the heart of downtown; and "NewRo Studios" at 11 Burling Lane, a 73-unit residential building dedicated to artist live/work space. Currently, three (3) projects are under construction; including; The Alary, a 315-unit development located at 316 Huguenot and Allen, and Allen, a 307-unit tower located at 247 North Avenue. This year, construction began ion “Stella Phase 2,” a 126 affordable condo development at 80% of the AMI and tow other projects are finalizing construction this year.

These new residential units will be bolstered by the creation of new retail, restaurant, hotel and public spaces throughout the downtown. The City has approved over 500,000 square feet of nonresidential uses within the downtown. In addition, the City successfully implemented “CircuitNR”, a free downtown electric shuttle program which expands its ridership every year, and has planning initiatives to improve the quality of life of residents which include the creation and improvement of public open spaces and parks like Anderson Plaza, bicycle and scooter share programs, public art and signage, and a Historic Preservation Plan. In addition, the six projects that were awarded a total of \$10 million through Governor’s Cuomo’s Downtown Revitalization Initiative (ORI) are in the

implementation stage, with Heritage Homes Park and Playground completed earlier this year. A flagship project of the New Rochelle ORI is The LINC, a project to transform portions of Memorial Highway into a linear park connection the Lincoln Avenue Corridor to the Downtown Area.

The economic strength of the City is further supported by its transportation infrastructure. The City is accessible by rail, road and air links. Metro-North passenger trains run frequently to Grand Central Terminal in New York City. Amtrak passenger service is also available. An extensive network of highway facilities includes the New York State Thruway, the New England Thruway, and the Hutchinson River Parkway. The City is in close proximity to three major airports: LaGuardia Airport, JFK International Airport and Westchester County Airport.

### **Long-term Financial Planning**

The City of has embarked upon a bold and ambitious multi-stage transformation that will be the largest economic undertaking in the City's history. Recently, City Council approved an amendment to the Downtown Overlay Zone that adapts to the current market trends, and integrates social equity and sustainability aspects as a focus. The redevelopment plan includes goals that could result in roughly one million square feet of retail and restaurant space in the core downtown area, with over two million square feet of office space, up to 10,000 residential units and a mix of hotel rooms, adult care and independent living units, cultural attractions and significantly expanded parking.

The plan includes retrofitting vacant buildings for productive re-use; increasing the City's tax base; generating jobs and career opportunities to help retain current residents and attract new ones; leveraging Metro North's plan to run trains from the City to both Grand Central Station and Penn Station, making the City the only County community to do so; integrating innovative downtown parking solutions; and incorporating sustainable, yet economical, smart growth elements where feasible.

An action plan resulting in comprehensive zoning changes to allow for this development was approved by the City Council back in 2015, and then amended in December 2021. To date, twenty-four large projects have been complete and/or are under construction, with approximately five more to begin in the next few years.

In 2016, the City Council conducted a policy setting exercise recognizing that an investment must be made in order to both maintain existing infrastructure and accommodate the proposed growth of the City. As a result, a ten-year capital plan was strategically developed to fund this investment beginning in 2017. The plan has been funded through development fees, grants, partnerships, use of fund balance, bond issuance and a one-time tax increase in 2017. The ten-year capital strategy addresses the need to accommodate the City's demographic and economic growth while maintaining the existing infrastructure, and improving the quality of life for residents.

Prudent financial strategies have enabled the fund balance to grow that can now be used for one-time capital projects as outlined in the ten-year capital plan. Funding sources will be strategically utilized and resources will be allocated to continue the second year of the capital program.

The City intends to invest \$254.6 million in capital projects through fiscal year ended 2031 City-wide. The plan includes improvements in Community Services and Public Facilities, Economic Growth and Business Development, Neighborhood Resiliency, Parks and Natural Resources, Streets/Sidewalks, and Vehicle/Equipment Projects. The capital program will be funded with long-

term borrowings; grants and other special funds; fund balance and the previously adopted (2017) one-time tax increase. Debt service for the 2024 projects will commence in fiscal year 2025.

## **Relevant Financial Policies**

The City's annual budget document incorporates a series of financial policies designed to ensure the continued fiscal health of the City. Included in this document are guidelines on staffing levels, expenditure growth, fund balance, debt management, enterprise fund operations, fees, self-insurance reserves and property tax rates.

The City also maintains an investment policy adopted by the City Council that complies with Section 10 and 11 of the New York State General Municipal Law, which emphasize a conservative financial approach to the investment of municipal funds and collateralization of deposits in excess of Federal Deposit Insurance Corporation coverage. The City's investment policy is reviewed annually and amended as needed or desired.

The City maintains a procurement policy adopted by the City Council in accordance with Section 104-b of the New York State General Municipal Law. This policy outlines all bidding and procurement procedures that City departments must adhere to when purchasing goods and services. The Purchasing department within the Finance Department is responsible for the administration of this policy.

The City procures conventional insurance for general liability, excess liability, law enforcement, public officials' liability, automobile, crime, and property coverage, all with self-insured retentions. The City is self-insured for workers' compensation benefits. An actuarial study is performed annually to ensure that insurance resources are sufficient to fund current and anticipated claims. The City continually assesses its risks to determine the appropriate mix of self- insurance retention and policy coverage.

The City prepares its budgets with these financial policies in mind and maintains aggressive and effective budgetary controls to ensure compliance with these documents. Quarterly budget reports are presented to the City Council to apprise elected officials of any major variances that may arise. The City does not foresee any issues with its ability to comply with the current guidelines in the implementation of its near and long-term initiatives.

## **Awards**

GFOA awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its ACFR for the year ended December 31, 2023. This was the 32<sup>nd</sup> consecutive year that the City has received this prestigious award. In order to be awarded a certificate of achievement, a governmental unit must publish an easily readable and efficiently organized ACFR contents must conform to GFOA standards. This report must satisfy both GAAP and applicable legal requirements. A certificate of achievement is valid for a period of one year only. We believe that our current report continues to meet the certificate of achievement program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

The City also received the GFOA's Distinguished Budget Presentation Award for its annual budget document for the year ended December 31, 2023. This is the highest form of recognition in governmental budgeting and represents the commitment of the governing body and staff to meet the

nationally recognized criteria. We are proud that the budget is a transparent document that provides financial information to our citizens.

### **Acknowledgements**

The preparation of this report would not have been possible without the efficient and dedicated services of Marilyn Martinec, Deputy Commissioner of Finance, the finance department staff, the guidance of our independent auditors, EFPR Group, CPAs, PLLC, and the assistance of all City departments concerning information specific to their operations. Our gratitude is extended to the City Manager, Mayor and City Council for their continued leadership and support in enhancing the financial integrity of the City and who continuously strive to enhance the quality of life for our citizens. Most importantly, our heartfelt thanks go to our citizens and residents, for giving us the opportunity to serve this fine City.

Respectfully submitted,

Edward Ritter  
Commissioner of Finance

## INDEPENDENT AUDITORS' REPORT

The Honorable Mayor and Members of the City  
Council of the City of New Rochelle, New York  
City of New Rochelle, New York:

### Report on the Audit of the Financial Statements

#### Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City of New Rochelle, New York (the City), as of and for the year ended December 31, 2024, and the related notes to financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component units, each major fund and the aggregate remaining fund information of the City, as of December 31, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Emphasis of Matter

As discussed in note 16 to the financial statements, the City restated its prior period financial statements for a correction of error related to capital assets during the year ended December 31, 2024. Our opinions are not modified with respect to this matter.

#### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis and the additional information on pages 69 through 72 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying other supplementary information on pages 73 through 119 and the schedule of expenditures of federal awards as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the other supplementary information and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated November 5, 2025 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City's internal control over financial reporting and compliance.

## CITY OF NEW ROCHELLE, NEW YORK

### Management's Discussion and Analysis

December 31, 2024

#### INTRODUCTION

As management of the City of New Rochelle, New York (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the year ended December 31, 2024. This discussion should be read in conjunction with the transmittal letter, located at the front of this report, the basic financial statements and the accompanying notes to those statements to enhance understanding of the City's financial performance.

#### USING THIS ANNUAL REPORT

This annual report consists of a set of financial statements and notes. The Statement of Net Position and the Statement of Activities provide information about the activities of the City as a whole and present a longer-term view of the City's finances. Fund financial statements begin thereafter. For governmental activities, these statements tell how these services were financed in the short-term, as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. The remaining fiduciary statements provide financial information about activities for which the City acts solely as a trustee or agent for the benefit of those outside of the government.

#### FINANCIAL HIGHLIGHTS

- The net position (assets and deferred outflows of resources, less liabilities and deferred inflows of resources) of the City as of December 31, 2024 was a deficit of \$179,117,390. Of this amount, \$(203,887,130) represents governmental activities net position and \$24,769,740 is business-type activities net position.
- The City's total net position decreased by \$9,207,364. The net position of governmental activities decreased by \$8,200,319 and net position of business-type activities decreased by \$1,007,045.
- As of the close of the year, the City's governmental funds reported combined ending fund balances of \$86,355,012, an increase of \$399,307 over the prior year.
- The General Fund reported an ending unassigned fund balance of \$10,515,197 and represents 6% of General Fund expenditures and other financing uses.
- The City's total outstanding bonds payable, including premiums, at December 31, 2024 was \$180,008,290.
- The City issued a bond in the amount of \$42,680,000. The bond is set to mature in 2054 and has a stated interest rate of 4% - 5%. The City also received a premium of \$2,208,894.
- The current New Rochelle Police Benevolent Association agreement was entered into during the year ended December 31, 2024. The previous agreement expired on December 31, 2020. Since then, the City operated based on the terms of that expired agreement, and in 2024, the new agreement resulted in a significant amount of retro-pay being required to be paid that resulted in an expected one-time expenditure of approximately \$8,000,000 in the general fund.

CITY OF NEW ROCHELLE, NEW YORK  
Management's Discussion and Analysis, Continued

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements, which consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to financial statements. This report also includes supplementary information presenting combining and individual statements for nonmajor governmental funds, which is intended to give the reader additional detail in support of the basic financial statements. The report also provides statistical and economic data.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the City's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator as to whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenue and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (for example, uncollected taxes, earned but unused vacation leave, and other postemployment benefit obligations (OPEB)).

The government-wide financial statements distinguish functions of the City that are governmental activities (those principally supported by taxes and intergovernmental revenue) from business-type activities. The governmental activities of the City include general government support, public safety, health, transportation, economic assistance and opportunity, culture and recreation, home and community services, and interest. The business-type activities of the City reflect the operations of the Parking Facilities, the Municipal Marina, and the Railroad Station.

The City's government-wide financial statements include not only the statements of the City itself, but that of its legally separate component units for which the City is financially accountable and for which there exists a financial benefit or burden to the City. Financial information for these component units is reported separately from the financial information presented for the primary government. The New Rochelle Industrial Development Agency, the City of New Rochelle Corporation for Local Development, and the Downtown New Rochelle Business Improvement District are reported in the government-wide financial statements, as discretely presented component units. The government-wide financial statements can be found on the pages immediately following this section as the first two pages of the basic financial statements.

CITY OF NEW ROCHELLE, NEW YORK  
Management's Discussion and Analysis, Continued

FUND FINANCIAL STATEMENTS

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds' balance sheet and the governmental funds' statement of revenue, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City has seven individual governmental funds: General, Capital Projects, Debt Service, Community Development, Home, Section 8 Housing Assistance and Special Purpose funds. Of these, the General and the Capital Projects funds are reported as major funds and are presented in separate columns on the governmental funds' balance sheet and the governmental funds' statement of revenue, expenditures and changes in fund balances. Data for the other governmental funds are combined into a single, aggregated column on these statements.

The City adopts an annual budget for its General Fund, Community Development Fund, Home Fund, Section 8 Housing Assistance Fund and Debt Service Fund. A budgetary comparison statement has been provided for the General Fund, in the required supplementary information, to demonstrate compliance with the respective budget. Multi-year budgets are adopted for the Capital Projects Fund and a project-length schedule providing information about these projects and their budgets is included elsewhere in this report.

The governmental fund financial statements can be found in the basic financial statements section of this report.

CITY OF NEW ROCHELLE, NEW YORK  
Management's Discussion and Analysis, Continued

Proprietary Funds

The City maintains two different types of proprietary funds: enterprise funds and internal service funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses an enterprise fund to account for the operations of its Parking Facilities, Municipal Marina and Railroad Station. These funds are used to show activities that operate similar to private business enterprises and charge fees for services provided. Internal service funds are used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its liability insurance coverage (the General Liability Claims Fund), its self-insured workers' compensation benefits (the Workers' Compensation Fund) and its charges for services to each department for repairs and maintenance of motor vehicles (the Central Garage Fund). These services have been classified as governmental activities in the government-wide financial statements because they predominantly benefit governmental, rather than business-type, functions.

The proprietary fund financial statements can be found in the basic financial statements section of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support City programs. The City maintains only one type of fiduciary fund that is known as a Custodial Fund. The Custodial Fund reports resources, not in a trust, that are held by the City for other parties outside of the City's reporting entity and, in the case of the City primarily to account for taxes collected for other governments.

The fiduciary fund financial statements can be found in the basic financial statements section of this report.

Component Units

As discussed above, component units are legally separate entities for which the City is financially accountable. These component units are reported in the government-wide financial statements.

NOTES TO FINANCIAL STATEMENTS

The notes to financial statements provide additional information that is essential for fair presentation and that is not otherwise displayed on the face of the financial statements. As such, the notes are an integral part of the basic financial statements and should be read in conjunction with the financial statements. The notes focus on the primary government - specifically, its governmental activities, business-type activities, major funds and nonmajor funds in the aggregate.

**CITY OF NEW ROCHELLE, NEW YORK**  
**Management's Discussion and Analysis, Continued**

**OTHER INFORMATION**

In addition to the basic financial statements and notes to the financial statements, this report also presents required supplementary information (RSI) concerning the City's general fund budget and actual information, City's Total OPEB liability and related ratios, its proportionate share of the net pension asset/liability for its participation in the New York State and Local Retirement System (NYSLRS) and its contributions to the NYSLRS plan. RSI immediately follows the notes to the financial statements.

This report also includes other supplementary information (OSI), which immediately follows RSI and gives the reader further detail on the information presented in the basic financial statements. Included in the OSI are the individual and combining nonmajor governmental fund financial statements and schedules; the project length schedule for the Capital Projects Fund and the Uniform Guidance compliance audit of the Federal awards program.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. For the City, liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources resulting in a net position deficit of \$179,117,390 at the close of 2024.

The following table summarized the Statement of Net Position as of December 31, 2024 and 2023:

	2024			2023*

\* Restated for correction of error as described in note 16.

**CITY OF NEW ROCHELLE, NEW YORK**  
**Management's Discussion and Analysis, Continued**

The largest component of the City's net position reflects its investment in capital assets (land, land improvements, buildings and improvements, infrastructure, machinery and equipment and construction-in-progress), less any related debt outstanding that was used to acquire those assets, adding in any unexpended bond proceeds, and amounted to \$91,359,959. The City uses these capital assets to provide services to its citizens and consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be utilized to liquidate these liabilities.

A portion of the City's net position is restricted, representing external restrictions imposed by creditors, grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Section 8 Housing Assistance				\$ 1,067,904		
Special purpose					7,852,579	
Capital improvements						<u>54,180,855</u>
						<u>\$ 63,101,338</u>

The City's unrestricted net position exhibits a deficit of \$333,578,687. This deficit is primarily due to a long-term liability of \$319.4 million for other postemployment benefits as required under the calculations of Governmental Accounting Standards Board (GASB) Statement No. 75.

The following table summarizes the Statement of Activities for the years ended December 31, 2024 and 2023:

	2024			2023		
	Governmental Activities	Business-Type Activities	Total	Governmental Activities	Business-Type Activities	Total
<b>Program revenue:</b>

For the year ended December 31, 2024, governmental activities decreased the City's net position by \$8,200,319, this is primarily due to the results of operations. Revenue from governmental activities increased by \$11.0 million over the prior year while related expenses increased by \$11.2 million. Expenses exceeded revenue which helped produced the noted decrease to the City's net position.

Property taxes of \$74.6 million and nonproperty taxes of \$46.6 million represent the largest revenue sources at 34.2% and 21.4%, respectively.

#### GOVERNMENTAL ACTIVITIES

Other major revenue sources in 2024:

- Grants and contributions totaled \$37.3 million, comprised mainly of \$12.3 million of Section 8 housing assistance vouchers, \$2.2 million of America Rescue Plan Act funds; New York State and Westchester County aid of \$7.8 million, of which \$6.2 million was the Aid and Incentives for Municipalities and \$1.6 million was for mortgage tax.

CITY OF NEW ROCHELLE, NEW YORK  
Management's Discussion and Analysis, Continued

- Charges for services totaled \$31.2 million, the largest of which were police and fire fees and residential refuse collection charges.

Governmental activities expenses totaled \$219.7 million in 2024, an increase of approximately \$11.2 million from the prior year. Public safety expenses increased by \$9.0 million.

BUSINESS-TYPE ACTIVITIES

Business-type activities decreased the City's net position by \$1.0 million. Revenue from business-type activities totaled \$7.9 million, almost all of which was comprised of charges for services. Expenses totaled \$7.4 million. The combination of revenue and expense produced a net position decrease in 2024.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary use as it represents the portion of fund balance which has not yet been limited to use for a particular purpose by either an external party, the City itself, or an individual that has been delegated authority to assign resources for use for particular purposes by the City Council.

At December 31, 2024, the City governmental funds reported a combined ending fund balance of \$86.4 million, an increase of \$0.4 million over the prior year. The nonspendable component of fund balance is \$5.5 million comprised of prepaid expenditures and inventory in the General Fund. The restricted fund balance amount of \$63.1 million is restricted for trusts, capital projects and Section 8. Pursuant to City Charter provisions, \$0.3 million is shown in the committed classification. The assigned fund balance classification aggregately totals \$7.6 million, consisting of amounts designated to balance the 2025 budget and purchase order commitments unexpended as of December 31, 2024. The remaining fund balance of \$9.9 million is unassigned and is comprised of General Fund balance of \$10.5 million and a deficit of \$0.6 million in the Debt Service Fund.

The General Fund is the primary operating fund of the City. At the end of the current fiscal year, the total fund balance of the General Fund was \$23.9 million, a decrease of \$10.3 million, over the prior year. The decreased is primarily due to the City budgeting for a loss of \$5.0 million and settling a police union contract that required retro-pay dating back to fiscal year 2020. The unassigned fund

CITY OF NEW ROCHELLE, NEW YORK  
Management's Discussion and Analysis, Continued

balance at December 31, 2024 was \$10.5 million and represents 44% of the total General Fund balance. Two useful measures of liquidity are the percentage of unassigned fund balance to total expenditures and other financing sources and total fund balance to total expenditures and other financing sources. At the end of the current year, the General Fund exhibited a 6% unassigned fund balance to total expenditures and other financing uses while the total fund balance represents 13% of the same amount. This unassigned amount is available for future spending at the City's discretion.

There is \$0.3 million shown as committed fund balance, which is designated to be reserved by City Charter provision. The remaining fund balance of \$13.1 million is not available for discretionary spending in order to liquidate contracts and purchase orders of the prior period and for prepaid expenses and inventory.

The Capital Projects Fund is used to account for capital project activity throughout the City. Projects are funded through a combination of federal and grant proceeds, transfers from the General Fund, the issuance of both short and long-term debt and other miscellaneous reimbursements. The Capital Projects Fund had a fund balance of \$54.2 million at December 31, 2024. This is an increase from the prior year of \$13.3 million primarily due to the City issuing bonds and a premium in the amount of \$44.9 million. During the year, \$41.4 million of capital expenditures were incurred in the Capital Projects Fund to pay for various equipment, capital improvements and infrastructure.

**Nonmajor Governmental Funds**

Nonmajor governmental funds consist of the following individual funds: Community Development, Home, Section 8 Housing Assistance, Special Purpose and the Debt Service Fund. At December 31, 2024, the combined fund balance of these funds totaled \$8.3 million, a decrease of \$2.6 over the prior year, primarily due to transferring of funds for the funding of short-term operating cash flows.

**Proprietary Funds**

The City's proprietary funds consist of three enterprise funds (Parking Facilities Fund, Municipal Marina Fund and the Railroad Station Fund) and three internal service funds (Workers' Compensation Fund, General Liability Claims Fund and Central Garage Fund).

The net position of the Parking Facilities Fund at year-end was \$10.0 million, an increase of \$0.1 million, over the prior year. The majority of the net position is the net investment of capital assets. The unrestricted net position is a deficit of \$0.2 million. Operating revenue increased by \$1.1 million over the prior year. Operating expenses decreased \$0.1 million.

The net position of the Railroad Station Fund at year-end was \$11.0 million, a decrease of \$1.3 million over the prior year. The majority of net position is the net investment in capital assets. The unrestricted net position is a deficit of \$2.2 million. Operating revenue increased by \$54,457 over the prior year. Operating expenses decreased by \$0.3 million.

The net position of the Municipal Marina Fund at year-end was \$3.8 million. Of this amount, the unrestricted net position totaled \$2.6 million. Operating revenue decreased by \$0.2 million over the prior year. Operating expenses decreased by \$0.1 million.

CITY OF NEW ROCHELLE, NEW YORK  
Management's Discussion and Analysis, Continued

The Workers' Compensation Fund had a positive net position at the end of the year of \$2.2 million. Actuarial estimates of future liabilities exceeded budgetary estimates in past years. Operating revenue decreased by \$1.3 million operating expenses increased by \$0.8 million.

Internal service insurance chargebacks to user departments remained relatively flat in the General Liability Claims Fund in 2024. Operating expenses increased by \$3.3 million reflecting current year and an actuarial estimate of future years judgment and claims liabilities. The fund's net position decreased by \$2.2 million to a net position deficit of \$4.2 million.

The Central Garage Fund saw a decrease in operating revenue of \$36,893 this combined with a decrease of operating expenses of \$29,376 and a transfer out of \$1.8 million resulted in the Central Garage Fund having a net position deficit of \$1.7 million, an increase in the net position deficit of the prior year by \$0.8 million.

BUDGETARY HIGHLIGHTS

The City adopts annual operating budgets for its governmental funds (General Fund, Community Development Fund, Home, Section 8 Housing Assistance Fund, Debt Service Fund and Capital Projects Fund) and reports the results of operations on a budgetary comparison basis. The City also uses annual financial plans as a management tool for its enterprise and internal service funds, although the City does not report the results of these funds on a budgetary comparison basis.

In preparing its budget, the City attempts to estimate its revenue using realistic, but conservative, methods so as to budget its expenditure appropriations and activities in a prudent manner. As a result, the City Council adopts budget adjustments during the course of the fiscal year to reflect both changed priorities and availability of additional revenue to allow for expansion of existing, or creation of new, programs.

Differences between the original General Fund budget and the final amended budget were a \$8.7 million net increase of both expenditures and other financing uses and revenue and other financing sources. The increase is largely attributable the expending of funds that were not anticipated at the time of budget adoption. In total, General Fund revenue, including transfers from other funds and other financing sources, came in higher than the final budget by \$0.6 million. Major categorical variances between fiscal year 2024 and 2023 are shown below:

	<u>Fiscal Year</u>		<u>Dollar</u>	<u>Percent</u>
	<u>2024</u>	<u>2023</u>	<u>Change</u>	<u>Change</u>
Revenue:				
Nonproperty taxes	\$ 41,950,000	38,990,000	2,960,000	7.59%
Departmental income	23,470,234	19,562,473	3,907,761	19.98%

**CITY OF NEW ROCHELLE, NEW YORK**  
**Management's Discussion and Analysis, Continued**

General Fund expenditures, including transfers to other funds, were \$0.7 million, less than the final budget.

	<u>Fiscal Year</u>		Dollar Change	Percent Change
	<u>2024</u>	<u>2023</u>		
Expenses:				
Public safety	\$ 70,474,639	59,381,296	11,093,343	18.68%
Employee benefits	5,788,717	6,491,557	(702,840)	-10.83%
Debt service - principal	401,879	3,243,500	(2,841,621)	-87.61%
Transfers out	12,135,759	9,068,496	3,067,263	33.82%

Position vacancies during the year, generated savings in full and part-time salaries which are offset by increased overtime as well as severance pay as a result of retirements. Benefit costs go hand in hand with salary cost decreases. The variance in encumbered contracts reflects a timing issue where the products or services were neither liquidated nor expensed at year- end and will be obligations against the subsequent year's budget.

#### CAPITAL ASSETS AND DEBT ADMINISTRATION

##### Capital Assets

At December 31, 2024, the City's investment in capital assets, net of accumulated depreciation and amortization for its governmental and business-type activities, totaled \$310.5 million, an increase of \$29.3 million from the prior fiscal year. The City's investment in capital assets includes land, buildings, improvements other than buildings, machinery and equipment, infrastructure, construction in progress and various right-to-use leased assets. For more detailed information regarding capital asset activity, refer to note (6) to the Financial Statements. Major activities during the 2024 fiscal year included:

CITY OF NEW ROCHELLE, NEW YORK  
Management's Discussion and Analysis, Continued

CAPITAL ASSETS AND DEBT ADMINISTRATION

Long-term Debt

At the end of the fiscal year, the City had total bonded debt outstanding of \$180.0 million, an increase of \$36.0 million from the prior year. Under New York State law, the bonds are backed by the full faith and credit of the City.

At the end of the fiscal year, the City has \$29.2 million and \$1.8 million in leases and subscriptions payable, respectively. These items are recognized in accordance with GASB Statements No. 87 and 96, respectively.

Through sound financial management, effective budgetary controls and manageable debt levels, the City has been successful in maintaining its high-grade rating for its general obligation bonds. The City has been able to maintain an Aa2 rating which was upgraded by Moody's investors' services prior to the March 2017 BAN issuance and maintained through December 2024.

The New York State Constitution limits the amount of indebtedness, both long-term and short-term, which the City may incur. The State Constitution provides that the City may not contract indebtedness in an amount greater than seven percent of the average full value of taxable real property in the City for the most recent five years. Certain indebtedness is excluded in determining the City's authority to contract indebtedness within the constitutional limits; accordingly, debt of this kind, commonly referred to as "excluded debt", may be issued without regard to the constitutional limits and without affecting the City's authority to issue debt subject to the limit. For more detailed information regarding the City's long-term debt activity, refer to note (7) to the Financial Statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

While we have seen sparks of economic growth and stability, municipalities are still financially challenged throughout the United States. Stable revenue growth for the most part is stagnant while expenses, compounded by mandates imposed by the state government that are largely out the control of local officials, continue to rise at rates far in excess of that of revenue. The City will benefit from one-time revenue and payment in lieu of taxes revenue as a result of the planned development.

**CITY OF NEW ROCHELLE, NEW YORK**  
**Management's Discussion and Analysis, Continued**

The challenge facing the City in 2025 and beyond rests in formulating a financial plan that ensures the City's future fiscal viability at a cost that does not place an onerous burden on our taxpayers and preserves the delivery of our core services. Accordingly, the 2025 budget included:

- The 2025 budget estimate proposes a tax rate increase of 1.86% representing which is under the maximum allowable tax increase under the New York State Cap legislation.
- Preserving the City's most recent credit rating upgrade of Aa2.
- Increase of five Police and five Fire department positions.
- Continuing the investment in the ten-year capital plan funding an \$18.0 million investment in City infrastructure and equipment.
- Conservatively estimating one-time building permit revenue and economic-sensitive revenue (sales taxes, building permits, mortgage taxes) to reflect the current and near-term state of the economy and planned development City-wide.

Data compiled by the U.S. Census Bureau show that the wealth indicators for the City residents generally compare favorably to State and national indicators. The City's median household income is \$105,732, while the New York State's median household income is \$173,373.

**REQUESTS FOR INFORMATION**

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the:

CITY OF NEW ROCHELLE, NEW YORK  
 Reconciliation of the Balance Sheet - Governmental  
 Funds to the Statement of Net Position  
 December 31, 2024

Fund balances - total governmental funds		\$ 86,355,012
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.		
Historical cost	\$ 513,497,714	
Accumulated depreciation/amortization	<u>(231,131,682)</u>	282,366,032
Differences between expected and actual experiences, assumption changes contributions subsequent to the measurement date for postretirement benefits (pensions and OPEB) are recognized as deferred outflows of resources and deferred inflows of resources in the statement of net position.		
Deferred outflows of resources - pension - ERS	11,695,921	
Deferred outflows of resources - pension - PFRS	51,523,226	
Deferred outflows of resources - OPEB	83,622,625	
Deferred inflows of resources - pension - ERS	(5,992,886)	
Deferred inflows of resources - pension - PFRS	(14,941,715)	
Deferred inflows of resources - OPEB	<u>(104,323,484)</u>	21,583,687
Unavailable real property taxes are not available to pay for current period expenditures and, therefore, are deferred in the funds.		
Internal service funds are used by management to charge the costs of workers' compensation, general liability claims and the central garage to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.		
Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds.		
Accrued interest payable	(2,306,245)	
Bonds payable	(167,340,172)	
Leases payable	(29,190,425)	
Subscriptions payable	(1,764,435)	
Compensated absences	(5,702,555)	
Total OPEB liability	(319,361,575)	
Net pension liability - ERS - proportionate share	(11,385,534)	
Net pension liability - PFRS - proportionate share	(49,215,117)	
Net pension liability - incentive payable	<u>(791,991)</u>	(587,058,049)
Governmental funds report the effect of premiums, discounts, and refundings and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.		
Deferred charges on refunding bonds	59,134	
Premiums on general obligation bonds	<u>(9,015,169)</u>	(8,956,035)
Net position of governmental activities		<u>\$ (203,887,130)</u>

See accompanying notes to financial statements.

**CITY OF NEW ROCHELLE, NEW YORK**  
**Reconciliation of the Statement of Revenue, Expenditures and**  
**Changes in Fund Balances - Governmental Funds to the Statement of Activities**  
**Year ended December 31, 2024**

Net change in fund balances - total governmental funds	\$ 399,307
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation/amortization expense.	
Capital outlay expenditures	\$ 38,924,998
Depreciation/amortization expense	<u>(9,187,766)</u> 29,737,232
Unavailable revenue in the statement of activities that does not provide current financial resources is not reported as revenue in the funds.	6,012,144
Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.	
Proceeds from issuance of bonds payable	(42,680,000)
Premium on bond issuance	(2,208,894)
Principal paid on bonds payable	8,206,126
Principal paid on leases	472,640
Principal paid on SBITAs	648,686
Amortization of deferred charges on refunding bonds and issuance premium	<u>489,840</u> (35,071,602)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	
Accrued interest payable	(235,973)
Compensated absences	(628,721)
Changes in total OPEB liability and related deferred outflows and inflows of resources	259,291
Changes in pension liabilities and related deferred outflows and inflows of resources	(3,335,252)
Incentives payable	<u>446,426</u> (3,494,229)
Internal service funds are used by management to charge the costs of risk and other services to individuals funds. The net revenue of certain activities of internal service funds is reported with governmental activities.	<u>(5,783,171)</u>
Net position of governmental activities	<u>\$ (8,200,319)</u>

See accompanying notes to financial statements.

## Notes to Financial Statements

December 31, 2024

### (1) Summary of Significant Accounting Policies

The City of New Rochelle, New York (the City) was incorporated in 1899 and operates in accordance with its Charter and the various other applicable laws of the State of New York (the State). The City functions under a City Council/Manager form of government. The City Council is the legislative body responsible for overall operation. The City Manager serves as the chief executive officer and the Commissioner of Finance serves as the chief financial officer. The City provides the following services to its residents: public safety, transportation, economic opportunity and development, culture and recreation, home and community services and general and administrative support.

The financial statements of the City have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units and the Uniform System of Accounts as prescribed by the State. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The City's significant accounting policies are described below:

#### (a) Financial Reporting Entity

The financial reporting entity consists of (a) the primary government, which is the City, (b) organizations for which the City is financially accountable and (c) other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete as set forth by GASB.

In evaluating how to define the City, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the City's reporting entity was made by applying the criteria set forth by GASB, including legal standing, fiscal dependency and financial accountability. Based upon the application of these criteria, the following component units are included in the City's reporting entity because of their operational relationship with the City.

The New Rochelle Industrial Development Agency (the Agency) is a public benefit corporation created by State legislation to promote the economic welfare, recreation opportunities and prosperity of the City's inhabitants. Members of the Agency are appointed by the City Council. Agency members have complete responsibility for management of the Agency and accountability for fiscal matters. The City is not liable for Agency bonds or notes. The governing board of the Agency serves at the pleasure of the City Council and, therefore, the City is able to impose its will on the Agency. Since the Agency does provide services entirely or almost entirely to the City, the financial statements of the Agency have been reflected as a discretely presented component unit.

CITY OF NEW ROCHELLE, NEW YORK  
Notes to Financial Statements, Continued

**(1) Summary of Significant Accounting Policies, Continued**

**(a) Financial Reporting Entity, Continued**

Complete financial information for the Agency can be obtained from:

New Rochelle Industrial Development Agency  
515 North Avenue  
New Rochelle, New York 10801

The City of New Rochelle Corporation for Local Development (the Corporation) is a not-for-profit corporation created for the sole purpose of relieving unemployment, bettering job opportunities and attracting or retaining business in the City. The governing body consists of the Board of the Agency. The financial statements of the Corporation have been reflected as a discretely presented component unit. Complete financial information for the Corporation can be obtained from:

City of New Rochelle Corporation for Local Development  
515 North Avenue  
New Rochelle, New York 10801

The Downtown New Rochelle Business Improvement District (the District) is a not-for-profit corporation created for the sole purpose of executing responsibilities and to carry out the activities prescribed in the District plan and District target area including, but not limited to, marketing, public relations, business assistance services and to promote and support the District. The District has financial reliance on the City given the majority of its revenue arise from assessment on real property. This source of revenue is levied by the City Council. The District's Board of Directors is comprised of various City officials and one City Council member. In addition, the City's treasurer oversees the financial functions and operations of the District. The financial statements of the District have been reflected as a discretely presented component unit. Complete financials for the District can be obtained from:

Downtown New Rochelle Business Improvement District  
515 North Avenue  
New Rochelle, New York 10801

The New Rochelle Municipal Housing Authority (the Authority) was created, under the Federal Housing Act of 1936, to manage public housing projects in the City for low income families and senior citizens. The Authority has been excluded from these financial statements as it does not meet the criteria to be considered a component unit.

**(b) Government-Wide Financial Statements**

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all nonfiduciary activities of the primary government as a whole. For the most part, the effect of interfund activity has been removed from these statements, except for interfund services provided and used. Governmental activities, which are supported by taxes, intergovernmental revenue and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

## CITY OF NEW ROCHELLE, NEW YORK

### Notes to Financial Statements, Continued

#### (1) Summary of Significant Accounting Policies, Continued

##### (b) Government-Wide Financial Statements, Continued

The Statement of Net Position presents the financial position of the City at the end of its fiscal year. The Statement of Activities demonstrates the degree to which direct expenses of a given function or segment are offset by program revenue. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenue include (1) charges to customers or applicants who purchase, use or directly benefit from goods or services, or privileges provided by a given function or segment, (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not identified as program revenue is reported as general revenue.

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the City's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

Proprietary funds distinguish operating revenue and expenses from nonoperating revenue and expenses. Operating revenue and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operation. The principal operating revenue of the enterprise funds and the internal service funds are charges to customers for services. Operating expenses for the enterprise funds and the internal service funds include the cost of services, administrative expenses, depreciation costs and benefit costs. All revenue and expenses not meeting this definition are reported as nonoperating revenue and expenses.

##### (c) Fund Financial Statements

The accounts of the City are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts which comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balances/net position, revenue and expenditures/expenses. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance related legal and contractual provisions. The City maintains the minimum number of funds consistent with legal and managerial requirements. The focus of governmental fund financial statements is on major funds as that term is defined in professional pronouncements. Each major fund is to be presented in a separate column, with nonmajor funds, if any, aggregated and presented in a single column. The City maintains proprietary and a fiduciary fund, which are reported by type. Since the governmental fund statements are presented on a

CITY OF NEW ROCHELLE, NEW YORK  
Notes to Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(c) Fund Financial Statements, Continued

different measurement focus and basis of accounting than the government-wide statements governmental activities column, a reconciliation is presented on the pages following, which briefly explain the adjustments necessary to transform the fund based financial statements into the governmental activities column of the government-wide financial statements. The City's resources are reflected in the fund financial statements in three broad fund categories, in accordance with GAAP as follows:

Fund Categories

(1) Governmental Funds - Governmental Funds are those through which most general government functions are financed. The acquisition, use and balances of expendable financial resources and the related liabilities are accounted for through governmental funds. The following are the City's major governmental funds:

- General Fund - The General Fund constitutes the primary operating fund of the City and is used to account for and report all financial resources not accounted for and reported in another fund.
- Capital Projects Fund - The Capital Projects Fund is used to account for and report financial resources that are restricted, committed or assigned for capital outlay, including the acquisition or construction of major capital facilities and other capital assets, other than those financed by proprietary funds.

The City also reports the following nonmajor governmental funds.

- Special Revenue Funds - Special revenue funds are established to account for the proceeds of specific revenue sources that are restricted, committed or assigned to expenditures for specified purposes other than debt service or capital projects. The Special Revenue Funds of the City are the Community Development, Home and Section 8 Housing Assistance Funds. These funds are used to account for projects and subsidies financed by entitlements from the United States Department of Housing and Urban Development (HUD).
- Special Purpose Fund - The Special Purpose Fund is used to account for assets held by the City in accordance with the terms of a trust agreement and do not meet the criteria to be accounted for in a fiduciary fund under GASB Statement No. 84.
- Debt Service Fund - The Debt Service Fund is provided to account for and report financial resources that are restricted, committed or assigned to expenditures for principal and interest and for financial resources that are being accumulated for principal and interest maturing in future years.

CITY OF NEW ROCHELLE, NEW YORK

Notes to Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(c) Fund Financial Statements, Continued

Fund Categories, Continued

(2) Proprietary Funds - Proprietary funds include enterprise and internal service funds.

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private enterprises or where the governing body has decided that periodic determination of revenue earned, expenses incurred and/or net income is necessary for management accountability. Enterprise funds are used to account for those operations that provide services to the public. Internal service funds account for operations that provide services to other departments or agencies of the government, or to other governments, on a cost reimbursement basis. The operations of the Parking Facilities, Railroad Station and Municipal Marina funds are recorded as major enterprise funds. The City has established its Workers' Compensation, General Liability Claims and Central Garage funds are recorded as internal service funds.

(3) Fiduciary Fund - The Fiduciary Fund is used to account for assets held by the City on behalf of others. The Custodial Fund is used to account for real property taxes collected and disbursed for other governments.

(d) Measurement Focus, Basis of Accounting and Financial Statement Presentation

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources (current assets less current liabilities) or economic resources (all assets and liabilities). The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the Proprietary and Fiduciary funds. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized when they have been earned and they are both measurable and available. Revenue is considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Property taxes are considered to be available if collected within sixty days of the fiscal year end. If expenditures are the prime factor for determining eligibility, revenue from Federal and State grants are recognized as revenue when the expenditure is made. A ninety day availability period is generally used for revenue recognition for most other governmental fund revenue.

CITY OF NEW ROCHELLE, NEW YORK

Notes to Financial Statements, Continued

**(1) Summary of Significant Accounting Policies, Continued**

**(d) Measurement Focus, Basis of Accounting and Financial Statement Presentation, Continued**

Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

However, debt service expenditures, as well as expenditures related to compensated absences, net pension liabilities, retirement incentives and other pension obligations, certain claims and other postemployment benefit (OPEB) liabilities are recognized later based on specific accounting rules applicable to each, generally when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

The component units are presented on the basis of accounting that most accurately reflect their activities. The Agency, Corporation and District are accounted for on the accrual basis of accounting.

**(e) Cash and Equivalents, Investments and Risk Disclosure**

- **Cash and Equivalents** - Cash and equivalents consist of funds deposited in demand deposit accounts, time deposit accounts and short-term investments with original maturities of less than three months from the date of acquisition.

The City's deposits and investment policies are governed by State statutes. The City has adopted its own written investment policy which provides for the deposit of funds in Federal Deposit Insurance Corporation (FDIC) insured commercial banks or trust companies located within the State. The City is authorized to use demand deposit accounts, time deposit accounts and certificates of deposit.

Collateral is required for demand deposit accounts, time deposit accounts and certificates of deposit at 100% of all deposits not covered by FDIC insurance. The City has entered into custodial agreements with the various banks which hold their deposits. These agreements authorize the obligations that may be pledged as collateral. Such obligations include, among other instruments, obligations of the United States and its agencies and obligations of the State and its municipal and school district subdivisions.

- **Investments** - Permissible investments include obligations of the U.S. Treasury, U.S. Agencies, repurchase agreements and obligations of New York State or its political subdivisions.

The City follows the provisions of GASB Statement No. 72 - Fair Value Measurement and Application, which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist.

CITY OF NEW ROCHELLE, NEW YORK

Notes to Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(e) Cash and Equivalents, Investments and Risk Disclosure, Continued

- Interest Rate Risk - Interest rate risk is the risk that the government will incur losses in fair value caused by changing interest rates. The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from changing interest rates. Generally, the City does not invest in any long-term investment obligations.
- Custodial Credit Risk - Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. GASB Statement No. 40 - Deposit and Investment Risk Disclosures - an amendment of GASB Statement No. 3, directs that deposits be disclosed as exposed to custodial credit risk if they are not covered by depository insurance and the deposits are either uncollateralized, collateralized by securities held by the pledging financial institution or collateralized by securities held by the pledging financial institution's trust department but not in the City's name. The City's aggregate bank balances that were not covered by FDIC insurance were not exposed to custodial credit risk at December 31, 2024.
- Credit Risk - Credit risk is the risk that an issuer or other counterparty will not fulfill its specific obligation even without the entity's complete failure. The City does not have a formal credit risk policy other than restrictions to obligations allowable under General Municipal Law of the State.
- Concentration of Credit Risk - Concentration of credit risk is the risk attributed to the magnitude of a government's investments in a single issuer. The City's investment policy limits the amount on deposit at each of its banking institutions.

(f) Taxes Receivable

Real property taxes attach as an enforceable lien on real property and are levied on January 1st. The City collects City taxes in one installment, in January, and the taxes are payable without penalty until the end of the month. County taxes are due June 1st and are payable without penalty until June 30th. City School District taxes attach as an enforceable lien on July 1st. School District taxes for the period July 1st to June 30th are due on October 1st, with the first half payable without penalty until October 31st and the second half payable without penalty until April 30th. The City guarantees the full payment of the County and School District warrants and assumes responsibility for uncollected taxes. The City also has the responsibility for conducting in-rem foreclosure proceedings.

CITY OF NEW ROCHELLE, NEW YORK

Notes to Financial Statements, Continued

**(1) Summary of Significant Accounting Policies, Continued**

**(f) Taxes Receivable, Continued**

The City functions in both a fiduciary and guarantor relationship with the County of Westchester, New York (the County) and the City School District of New Rochelle (the School District) with respect to the collection and payment of real property taxes levied by such jurisdictions. The County Charter provides for the City to collect County and School District taxes and remit them as collected to the respective municipality. However, the City must remit to the County sixty percent of the amount levied by May 25th and satisfy the balance of forty percent by October 15th. With respect to School District taxes, State law provides that the City satisfy the warrant of the School District by May 20th of the second year after the fiscal year for which such taxes were levied. Thus, the City's fiduciary responsibility for School District taxes is from the date of the levy until two years after said date, at which time the City must satisfy its obligations regardless of the amounts collected. Since the County tax warrant must be paid in full by October, uncollected County taxes have been accounted for in a manner similar to City taxes. Historically, the collection of School District taxes was deemed a financing transaction until the warrants were satisfied. However, during the year ended December 31, 2024, the City entered into an agreement with the School District whereby the City is paying the School District tax warrant in full by June of each year. Therefore, uncollected School District taxes have been accounted for in a manner similar to City taxes. County and School District taxes collected prior to the satisfaction of the respective warrants are considered a fiduciary activity under the provisions of GASB Statement No. 84 - Fiduciary Activities, and therefore have been accounted for within the Custodial Fund.

**(g) Other Receivables**

Other receivables include amounts due from other governments and individuals for services provided by the City. Receivables are recorded and revenue recognized as earned or as specific program expenditures/expenses are incurred. Allowances are recorded when appropriate.

**(h) Due From/To Other Funds**

During the course of its operations, the City has numerous transactions between funds to finance operations, provide services and construct assets. To the extent that certain transactions between funds had not been paid or received as of December 31, 2024, balances of interfund amounts receivable or payable have been recorded in the fund financial statements. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as internal balances.

**(i) Lease Receivable**

The City is a lessor for a noncancelable lease of building premises. The City recognizes a lease receivable and a deferred inflow of resources in the financial statements.

CITY OF NEW ROCHELLE, NEW YORK  
Notes to Financial Statements, Continued

**(1) Summary of Significant Accounting Policies, Continued**

**(i) Lease Receivable, Continued**

At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgements include how the City determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease-term, and (3) lease receipts.

- The City uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancelable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The City monitors changes in circumstances that would require remeasurement of its lease, and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

**(j) Prepaid Expenses/Expenditures**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items using the consumption method in both the government-wide and fund financial statements. Prepaid expenses/expenditures consist of employee retirement, health insurance and other costs, which have been satisfied prior to the end of the fiscal year, but represent items which have been provided for in the subsequent year's budget and will benefit such periods. Reported amounts in governmental funds are equally offset by nonspendable fund balance in the fund financial statements, which indicates that these amounts do not constitute "available spendable resources" even though they are a component of current assets.

**(k) Inventory**

Inventory in the General Fund and the Central Garage Internal Service Fund are valued at cost on a first-in, first-out basis, and consist of certain expendable supplies held for consumption. The cost is recorded as inventory at the time individual items are purchased. The City uses the consumption method to relieve inventory. Reported amounts in governmental funds are equally offset by a nonspendable fund balance in the fund financial statements, which indicates that they do not constitute "available spendable resources" even though they are a component of current assets. Purchases of other inventoriable items are recorded as expenditures/expenses at the time of purchase and year-end balances are not material.

CITY OF NEW ROCHELLE, NEW YORK  
Notes to Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(I) Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks and similar items), and are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets and donated works of art are recorded at acquisition value at the date of donation.

In the case of the initial capitalization of general infrastructure assets (i.e., those reported by governmental activities), the City chose to include all such items regardless of their acquisition date or amount. The City was able to estimate the historical cost for the initial reporting of these assets through back trending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and used an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year).

Major outlays for capital assets and improvements are capitalized as projects are constructed. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives is not capitalized.

Land and construction-in-progress are not depreciated. The other property, plant, equipment and infrastructure and right-to-use leased assets of the City are depreciated using the straight line method over the following estimated useful lives.

<u>Class</u>	<u>Life in Years</u>
Buildings	40
Improvements other than buildings	15
Machinery and equipment	5 - 20
Infrastructure	15 - 50
Right-to-use leased buildings	30 - 40
Right-to-use leased equipment	5
Right-to-use subscriptions	3 - 5

The costs associated with the acquisition or construction of capital assets are shown as capital outlay expenditures on the governmental fund financial statements. Capital assets are not shown on the governmental funds' balance sheet.

CITY OF NEW ROCHELLE, NEW YORK

Notes to Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(m) Unearned Revenue

Unearned revenue arise when assets are recognized before revenue recognition criteria has been satisfied. In the government-wide financial statements, unearned revenue consist of revenue received in advance and/or amounts from grants received before the eligibility requirements have been met.

(n) Deferred Outflows/Inflows of Resources

Deferred outflows of resources represents a consumption of net assets that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has three items that qualify for reporting in this category. The first item is related to the pensions reported in the Statement of Net Position. This represents the effect of the net change in the City's proportion of the collective net pension liabilities and difference during the measurement period between the City's contributions and its proportion share of total contributions to the pension systems not included in pension expense as well as the City's contributions to the pension systems subsequent to the measurement date. The second item is related to OPEB reported in the Statement of Net Position. This represents differences between expected and actual experience as well as changes of assumptions in the calculation of the total OPEB liability. The third item relates to the City's deferred charge on refunding resulting from the difference in the carrying value of the refunded debt and its acquisition.

Deferred inflows of resources represents an acquisition of net assets that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The City has four items that qualify for reporting in this category. The first is related to pensions reported in the Statement of Net Position. This represents the effect of the net change in the City's proportion of the collective net pension liabilities and difference during the measurement periods between the City's contributions and its proportional share of total contributions to the pension systems not included in the pension expense. The second item is related to OPEB reported in the Statement of Net Position. This represents differences between expected and actual experience as well as changes of assumptions related to the total OPEB liability. The third item is reported on the Balance Sheet - Governmental Funds and relates to unavailable tax revenue for receivables not collected within 60 days of year end. The fourth item is reported on both the Balance Sheet - Governmental Funds and the Statement of Net Position and relates to long-term leases receivable.

CITY OF NEW ROCHELLE, NEW YORK  
Notes to Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(o) Long-Term Liabilities

In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expended as incurred.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

(p) Leases Liabilities

The City is a lessee for noncancellable leased equipment. The City recognizes a lease liability and an intangible right-to-use lease asset in the government-wide financial statements. The City recognizes lease liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life. Key estimates and judgments related to leases include how the City determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

The City uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City generally uses its estimated incremental borrowing rate as the discount rate for leases.

The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are comprised of fixed payments and purchase option price that the City is reasonably certain to exercise. The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term liabilities on the Statement of Net Position.

CITY OF NEW ROCHELLE, NEW YORK

Notes to Financial Statements, Continued

**(1) Summary of Significant Accounting Policies, Continued**

**(q) Compensated Absences**

The various collective bargaining agreements provide for the payment of accumulated vacation leave upon separation from service. The liability for such accumulated leave is reflected in the government-wide financial statements as current and long-term liabilities. A liability for these amounts is reported in the governmental funds only if the liability has matured through employee resignation or retirement. The liability for compensated absences includes salary related payments, where applicable.

**(r) Net Pension Liabilities**

The net pension liabilities represent the City's proportionate share of the net pension liability of the New York State and Local Employees' Retirement System (ERS) and the New York State and Local Police and Fire Retirement System (PFRS). The financial reporting of these amounts are presented in accordance with the provisions of GASB Statement No. 68 - Accounting and Financial Reporting for Pensions, and GASB Statement No. 71 - Pension Transition for Contributions Made Subsequent to the Measurement Date - an Amendment of GASB Statement No. 68.

**(s) Other Postemployment Benefits**

In addition to providing pension benefits, the City provides health insurance coverage for retired employees and their dependents. Substantially all of the City's employees may become eligible for these benefits if they reach normal retirement age and retire under ERS and PFRS while working for the City. The cost of providing postretirement benefits is shared between the City and the retired employee. The City recognizes the cost of providing health insurance by recording its share of insurance premiums for retirees and their dependents, as an expenditure in the year paid.

**(t) Net Position**

Net position represents the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net position is comprised of three components:

Net investment in capital assets - consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances of bonds and other debt that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position.

Restricted net position - consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Assets are reported as restricted when constraints are placed on asset use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Restricted net position for the City includes restricted for Section 8 housing assistance, special purpose, debt service and capital improvements.

CITY OF NEW ROCHELLE, NEW YORK

Notes to Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(t) Net Position, Continued

Restricted for Section 8 Housing Assistance - the component of net position that represents funds restricted for projects and subsidies financed by entitlements from the U.S. Department of Housing and Urban Development.

Restricted for Special Purpose - the component of net position that represents funds restricted for assets held by the City in accordance with the terms of a trust agreement.

Restricted for Debt Service - the component of net position that reports the difference between assets and liabilities of the Debt Service Fund with constraints placed on their use by Local Finance Law.

Restricted for Capital Improvements - the component of net position that reserves a portion of the net position of the Parking Facilities - Enterprise Fund for capital improvements in accordance with the capital lease agreement provisions with the Corporation.

Unrestricted net position - the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that does not meet the definition of the two preceding categories.

(u) Fund Balance

Fund balance represents the difference between current assets and deferred outflows of resources and current liabilities and deferred inflows of resources. In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Under this standard the fund balance classifications are as follows:

Nonspendable fund balance - includes amounts that cannot be spent because they are either not in spendable form (prepaid amounts, inventories, long-term receivables, advances) or they are legally or contractually required to be maintained intact (the corpus of a permanent fund).

Restricted fund balance - is reported when constraints placed on the use of the resources are imposed by granters, contributors, laws or regulations of other governments or imposed by law through enabling legislation. Enabling legislation includes a legally enforceable requirement that these resources be used only for the specific purposes as provided in the legislation. This fund balance classification is used to report funds that are restricted for debt service obligations and for other items contained in General Municipal Law of the State.

CITY OF NEW ROCHELLE, NEW YORK

Notes to Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(u) Fund Balance, Continued

Committed fund balance - is reported for amounts that can only be used for specific purposes pursuant to formal action of the entity's highest level of decision making authority. The City Council is the highest level of decision making authority for the City that can, by the adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, these funds may only be used for the purpose specified unless the City removes or changes the purpose by taking the same action that was used to establish the commitment. This classification includes certain amounts established and approved by the City Council. City Charter Provision provides that funds in excess of \$300,000 may be appropriated for the subsequent year's budget. The City has committed an amount to reflect the charter restrictions.

Assigned fund balance - represents amounts constrained either by the policies of the City Council for amounts assigned for balancing the subsequent year's budget or the Commissioner of Finance for amounts assigned for encumbrances. Unlike commitments, assignments generally only exist temporarily, in that additional action does not normally have to be taken for the removal of an assignment. An assignment cannot result in a deficit in the unassigned fund balance in the General Fund. Assigned fund balance in all other governmental funds represents any positive remaining amount after classifying nonspendable, restricted or committed fund balance amounts.

Unassigned fund balance - in the General Fund, represents amounts not classified as nonspendable, restricted, committed or assigned. The General Fund is the only fund that would report a positive unassigned fund balance. For all governmental funds other than the General Fund, any deficit fund balance is reported as unassigned.

In order to calculate the amounts to report as restricted and unrestricted fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the City's policy to use fund balance in the following order: committed, assigned, and unassigned.

(v) Encumbrances

In governmental funds, encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve applicable appropriations, is generally employed as an extension of formal budgetary integration in the General, Community Development, Home and Section 8 Housing Assistance funds. Encumbrances outstanding at year-end are generally reported as assigned fund balance since they do not constitute expenditures or liabilities.

CITY OF NEW ROCHELLE, NEW YORK  
Notes to Financial Statements, Continued

**(1) Summary of Significant Accounting Policies, Continued**

**(w) Use of Estimates**

The preparation of the financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources and disclosures of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

**(x) Accounting Standards Issued But Not Yet Implemented**

GASB has issued the following pronouncements which will be implemented in the years required. The effects of the implementation of these pronouncements are not known at this time.

Statement No. 103 - Financial Reporting Model Improvements. Effective for fiscal years beginning after June 15, 2025.

Statement No. 104 - Disclosure of Certain Capital Assets. Effective for fiscal years beginning after June 15, 2025.

**(y) Subsequent Events**

The City has evaluated subsequent events through the date of the report which is the date the financial statements were available to be issued.

**(2) Stewardship, Compliance and Accountability**

**(a) Budgetary Data**

The City generally follows the procedures enumerated below in establishing the budgetary data reflected in the financial statements:

- (1) On or before the tenth day of November, the City Manager shall prepare and submit to the City Council a budget estimate presenting a financial plan for conducting the affairs of the City for the ensuing fiscal year.
- (2) Upon receipt of the Manager's budget estimates, the Council shall consider the budget and, after publication, hold a public hearing.
- (3) The resolution fixing the date, time and place for the public hearing may be adopted before the Manager submits the budget estimates to the Council, but the date so fixed in such resolution shall be not less than twenty days from the date of the publication of the budget estimates in the official newspaper.
- (4) Not less than one week after the public hearing, the Council shall adopt the budget estimates as submitted or amended, which shall then become the annual budget, and shall at the same time appropriate the amounts set forth in the budget as adopted and for the purposes stated therein.
- (5) Formal budgetary integration is employed during the year as a management control device for General, Community Development, Home, Section 8 Housing Assistance and Debt Service funds.

CITY OF NEW ROCHELLE, NEW YORK

Notes to Financial Statements, Continued

(2) Stewardship, Compliance and Accountability, Continued

(a) Budgetary Data, Continued

- (6) Budgets for General, Community Development, Home, Section 8 Housing Assistance and Debt Service funds are legally adopted annually on a basis consistent with generally accepted accounting principles. The Capital Projects Fund is budgeted on a project basis. Annual budgets are not adopted for the Special Purpose or Proprietary funds since other means control the use of these resources (e.g., grant awards) and sometimes span a period of more than one fiscal year.
- (7) The City Council has established legal control of the budget at the function level of expenditures. Transfers between appropriation accounts, at the function level, require approval by the City Council. Any modifications to appropriations resulting from an increase in revenue estimates or supplemental reserve appropriations also require a majority vote by the Council.
- (8) Appropriations in General, Community Development, Section 8 Housing Assistance and Debt Service funds lapse at the end of the fiscal year, except that outstanding encumbrances are reappropriated in the succeeding year pursuant to the Uniform System of Accounts promulgated by the Office of the State Comptroller.

Budgeted amounts are as originally adopted or as amended by the City Council.

(b) Property Tax Limitation

The City is permitted by the Constitution of the State of New York to levy taxes up to 2% of the five year average full valuation of taxable real estate located within the City, exclusive of the amount raised for the payment of interest on and redemption of long-term debt.

In addition to this constitutional tax limitation, Chapter 97 of the Laws of 2011, as amended (Tax Levy Limitation Law), modified previous law by imposing a limit on the amount of real property taxes a local government may levy. The following is a brief summary of certain relevant provisions of the Tax Levy Limitation Law. The summary is not complete and the full text of the Tax Levy Limitation Law should be read in order to understand the details and implementations thereof.

The Tax Levy Limitation Law imposes a limitation on increases in the real property tax levy, subject to certain exceptions. The Tax Levy Limitation Law permits the City to increase its overall real property tax levy over the tax levy of the prior year by no more than the "Allowable Levy Growth Factor," which is the lesser of one and two-one hundredths or the sum of one plus the Inflation Factor; provided, however that in no case shall the levy growth factor be less than one. The "Inflation Factor" is the quotient of: (i) the average of the National Consumer Price Indexes determined by the United States Department of Labor (DOL) for the twelve-month period ending six months prior to the start of the coming fiscal year minus the average of the National Consumer Price Indexes determined by the DOL for the twelve-month period ending six months prior to the start of the prior fiscal year, divided by (ii) the average of the National Consumer Price Indexes determined

CITY OF NEW ROCHELLE, NEW YORK  
Notes to Financial Statements, Continued

(2) Stewardship, Compliance and Accountability, Continued

(b) Property Tax Limitation, Continued

by the DOL with the result expressed as a decimal to four places. The City is required to calculate its tax levy limit for the upcoming year in accordance with the provision above and provide all relevant information to the New York State Comptroller prior to adopting its budget. The Tax Levy Limitation Law sets forth certain exclusions to the real property tax levy limitation of the City, including exclusions for certain portions of the expenditures for retirement system contributions and tort judgments payable by the City. The City Council may adopt a budget that exceeds the tax levy limit for the coming fiscal year, only if the City Council first enacts, by a vote of at least sixty percent of the total voting power of the City Council, a local law to override such limit for such coming fiscal year.

(c) Expenditures in Excess of Budget

The following functional expenditure categories exceeded its budgetary authorization in the general fund by the amount indicated:

General Fund:

Employee benefits	\$ 1,703,232
Debt service - principal	195,224
Debt service - interest	<u>158,206</u>
	\$ <u>2,056,662</u>
Section 8 Housing Assistance Fund - home and community services	\$ <u>846,694</u>

(d) Deficit Fund Balance and Net Position

The Debt Service Fund has a deficit fund balance as of December 31, 2024 of \$662,013. The deficit arose as a result of debt service payments exceeding transfers in from other governmental funds in the current year. The deficit will be resolved when transfers are made to reimburse the Debt Service Fund for those payments. The General Liability Claims Fund and the Central Garage Fund have a deficit net position as of December 31, 2024 of \$6,579,028 and \$1,693,617, respectively. The General Claims fund deficit arose as a result of actuarial studies on the fund's long-term claims payable. The Central Garage Fund deficit arose as a result of nonoperating transfers to other funds.

(3) Investments

Investments held in the General Fund at December 31, 2024 consisted of the following:

<u>Investment Type</u>	<u>Issue Date</u>	<u>Maturity Date</u>	<u>Interest Rate</u>	<u>Amount</u>
NYClass	8/1/2022	12/31/2024	4.41%	\$ <u>5,770,603</u>

Certificates of deposit are not subject to provisions of fair value measurements as they are recorded at amortized cost.

CITY OF NEW ROCHELLE, NEW YORK  
Notes to Financial Statements, Continued

(4) Taxes Receivable

Taxes receivable at December 31, 2024 consisted of the following:

City and County taxes	\$ 3,961,713
School district taxes	<u>6,959,891</u>
	10,921,604
Allowance for uncollectible amounts	<u>(2,503,771)</u>
	\$ <u>8,417,833</u>

Taxes receivable in the fund financial statements are also partially offset by deferred tax revenue of \$7,860,688, which represents an estimate of the taxes receivable which will not be collected within the first sixty days of the subsequent year.

(5) Leases Receivable

Leases receivable as of December 31, 2024 are comprised of the following individual agreements:

Purpose	Year of Issue	Interest Rate	Original Issue Amount	Year of Maturity	Balance at December 31, 2024
165 Huguenot - Land improvements	2022	2.97%	\$ 1,207,355	2115	1,165,211

Governmental fund liabilities for general obligation bonds, energy performance contract, leases, subscriptions and bond anticipation notes are liquidated primarily by the Capital Projects Fund and the Debt Service Fund, which are funded primarily by the General Fund. Each governmental funds liability for claims, judgment and claims, retirement incentives, compensated absences, net pension liability and other postemployment benefit obligations are liquidated primarily by the General Fund. Debt service expenditures on the energy performance contract matured during the year ended December 31, 2023, and were recorded as expenditures and as a liability in the general fund at that time. Payment to reduce the liability occurred during the year ended December 31, 2024. Changes in compensated absences above are shown net.

**(a) General Obligation Bonds Payable**

General Obligation bonds payable at December 31, 2024 are comprised of the following individual issues:

<u>Purpose</u>	Year of <u>Issue</u>	Original			Balance at December 31, <u>2024</u>
		<u>Issue Amount</u>	<u>Final Maturity</u>	<u>Interest Rates</u>	
Public Improvements Refunding - Series A	2013	\$ 20,830,000	2025	4.00 - 5.00%	380,000

CITY OF NEW ROCHELLE, NEW YORK  
Notes to Financial Statements, Continued

**(7) Long-Term Liabilities, Continued**

**(a) General Obligation Bonds Payable, Continued**

Interest expenditures of \$4,774,017 were recorded in the fund financial statements in the Debt Service Fund. Interest expense of \$4,520,150 was recorded in the government-wide financial statements for governmental activities for the year ended December 31, 2024. Interest expense of \$105,539 was recorded in the Enterprise Funds and government-wide financial statements for the business-type activities for the year ended December 31, 2024.

During the year ended December 31, 2024 the City issued a bond in the amount of \$42,680,000. This bond is set to mature in 2054 and has a stated interest rate of 4% - 5%. The City also received a premium of \$2,208,894.

**(b) Leases Liabilities**

Leases liabilities as of December 31, 2024 are comprised of the following individual agreements:

<u>Purpose</u>	<u>Year of Issue</u>	<u>Interest Rate</u>	<u>Original Issue Amount</u>	<u>Final Maturity</u>	<u>Balance at December 31, 2024</u>
70 Nardozzi Place - Building	2022	2.967%	\$ 6,575,521	2063	6,572,310
70 Nardozzi LLC - Building	2020	4.878%	23,103,778	2050	22,587,420
Nissan Altima (DPW Admin)	2022	2.967%	16,252	2025	1,371
Nissan Leaf (Buildings) - Equipment	2022	2.967%	20,146	2025	1,698
Nissan Maxima (City Manager) - Equipment	2022	2.967%	29,530	2026	9,399
Qudrient Leasing - Equipment	2022	2.967%	30,461	2027	15,101
Toyota Highlander (Development) - Equipment	2022	2.967%	22,302	2025	3,126
					<u>\$ 29,190,425</u>

Interest expense of \$1,319,424 was recorded in the fund financial statements and the government wide financial statements for the year ended December 31, 2024.

**(c) Subscriptions Payable**

Subscriptions payable as of December 31, 2024 are comprised of the following individual agreements:

<u>Purpose</u>	<u>Year of Issue</u>	<u>Interest Rate</u>	<u>Original Issue Amount</u>	<u>Final Maturity</u>	<u>Balance at December 31, 2024</u>
Axon	2023	2.682%	\$ 2,737,475	2027	1,636,412
Microsoft Office	2023	2.967%	387,158	2025	<u>128,023</u>
					<u>\$ 1,764,435</u>

Interest expense of \$59,826 was recorded in the fund financial statements and government-wide financial statements for the year ended December 31, 2024.

**CITY OF NEW ROCHELLE, NEW YORK**  
**Notes to Financial Statements, Continued**

**(7) Long-Term Liabilities, Continued**

**(d) Payments to Maturity**

The annual requirements to amortize debt outstanding as of December 31, 2024, are as follows:

	Governmental Activities		Business-type Activities		Governmental Activities				Total	
	Bonds		Bonds		Leases		Subscriptions			
	Principal	Interest	Principal	Interest	Principal	Interest	Principal	Interest	Principal	Interest
2025	\$ 6,930,690	5,693,695	69,310	118,229	475,907	1,297,500	661,222	47,290	8,137,129	7,156,714

The general obligation bonds, energy performance contract and bond anticipation notes are direct obligations of the City for which its full faith and credit are pledged and are payable from taxes levied on all taxable real property within the City.

**(8) Claims Payable**

The Internal Service funds reflect workers' compensation and general liability claim liabilities which are based upon estimates of the ultimate cost of claims (including future claim adjustment expenses) that have been reported, but not settled, and of claims that have been incurred but not reported. The length of time for which such costs must be estimated varies depending on the coverage involved. Because actual claim costs depend on such complex factors as inflation, changes in doctrines of legal liability and damage awards, the process used in computing claim liabilities does not necessarily result in an exact amount. Claim liabilities are recomputed periodically using a variety of actuarial and statistical techniques to produce current estimates that reflect recent settlements, claim frequency and other economic and social factors. A provision for inflation in the calculation of estimated future claims costs is implicit in the calculation because reliance is placed both on actual historical data that reflects past inflation and other factors that are considered to be appropriate modifiers of past experience.

CITY OF NEW ROCHELLE, NEW YORK  
Notes to Financial Statements, Continued

(8) Claims Payable, Continued

An analysis of the activity of unpaid claim liabilities for the year ended December 31, 2024 is as follows:

	General and Automobile <u>Worker's Compensation</u>	<u>Liability</u>	<u>Total</u>
Balance at beginning of year	\$ 6,333,513	1,393,080	7,726,593
Provision for claims and claims adjustment expenses	1,678,733	2,146,770	3,825,503
Claims and claims adjustment expenses paid	<u>(707,653)</u>	<u>(1,880,726)</u>	<u>(2,588,379)</u>
Balance at end of year	<u>\$ 7,304,593</u>	<u>1,659,124</u>	<u>8,963,717</u>
Current portion	<u>\$ 731,000</u>	<u>167,000</u>	<u>898,000</u>

(9) Other Postemployment Benefit Liability (OPEB)

(a) Plan Description and Benefits Provided

In addition to providing pension benefits, the City provides certain health care benefits for retired employees through a single employer defined benefit OPEB plan (the Plan). The various collective bargaining agreements stipulate the employees covered and the percentage of contribution. Contributions by the City may vary according to length of service. The cost of providing postemployment health care benefits is shared between the City and the retired employee as noted below. Substantially all of the City's employees may become eligible for those benefits if they reach normal retirement age while working for the City. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75 - Accounting and Financial Reporting for Postemployment Benefits Other than Pensions. Separate financial statements are not issued for the Plan.

(b) Employee Covered by Benefit Terms

At December 31, 2024, the following employees were covered by the benefit terms:

Retired employees	620
Active employees	648
	<u>1,268</u>

(c) Total OPEB Liability

The City's total OPEB liability of \$319,361,575 was measured as of December 31, 2024, and was determined by an actuarial valuation as of January 1, 2024.

CITY OF NEW ROCHELLE, NEW YORK  
Notes to Financial Statements, Continued

**(9) Other Postemployment Benefit Liability (OPEB), Continued**

**(d) Actuarial Assumptions**

The total OPEB liability in the January 1, 2024 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	3.00%
Salary increases	3.00%
Discount rate	4.28%
Healthcare cost trend rates	7.00% for 2024, decreasing by 0.5% per year to an ultimate rate of 4.50% for 2029 and after.

The discount rate was based on the S&P Municipal Bond 20-year High Grade Rate AA Index.

Mortality rates were based on the Pub-2010 Public Retirement Plans Mortality Tables for employees and healthy retirees, with projections based on the MP-2021 mortality improvement scale.

**(e) Changes in the Total OPEB Liability**

The City's change in the total OPEB liability for the year ended December 31, 2024 is as follows:

Total OPEB liability- beginning of year	\$ 296,789,820
Service cost	10,538,710
Interest	11,607,402
Differences between expected and actual experience	34,036,372
Changes in assumptions	(20,401,196)
Benefit payments	<u>(13,209,533)</u>
Total OPEB liability - end of year	\$ <u>319,361,575</u>

**(f) Sensitivity of the Total OPEB Liability to Changes in the Discount Rate**

The following presents the total OPEB liability of the City calculated using the current discount rate (4.28%), as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (3.28%) or 1-percentage point higher (5.28%) than the current discount rate:

	1%	Current	1%
	Decrease <u>(3.28%)</u>	Assumption <u>(4.28%)</u>	Increase <u>(5.28%)</u>
Total OPEB liability	<u>\$ 369,331,532</u>	<u>319,361,575</u>	<u>279,158,804</u>

CITY OF NEW ROCHELLE, NEW YORK  
Notes to Financial Statements, Continued

**(9) Other Postemployment Benefit Liability (OPEB), Continued**

**(g) Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates**

The following presents the total OPEB liability of the City calculated using current healthcare cost trend rates, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage point lower or 1-percentage point higher than the current healthcare cost trend rates:

	1% <u>Decrease</u>	Current Healthcare Cost <u>Trend Rates</u>	1% <u>Increase</u>
Total OPEB Liability	<u>\$ 275,715,556</u>	<u>319,361,575</u>	<u>374,765,714</u>

**(h) OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

For the year ended December 31, 2024, the City recognized OPEB expense of \$12,950,242 in the government-wide financial statements. As of December 31, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 45,448,226	29,862,247
Changes of assumptions	<u>38,174,399</u>	<u>74,461,237</u>
	<u>\$ 83,622,625</u>	<u>104,323,484</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Year ending</u>	
2025	\$ (9,478,568)
2026	(9,988,361)
2027	(9,988,369)
2028	6,481,913
2029	<u>2,272,526</u>
	<u>\$ (20,700,859)</u>

CITY OF NEW ROCHELLE, NEW YORK  
Notes to Financial Statements, Continued

(10) Pension Plans

(a) Plan Description and Benefits Provided

The City participates in ERS and PFRS which are collectively referred to as the New York State and Local Retirement System (System). These are cost-sharing, multiple-employer defined benefit pension plans. The System provides retirement benefits as well as death and disability benefits. The net position of the System is held in the New York State Common Retirement Fund (Fund), which was established to hold all net assets and record changes in plan net position. The Comptroller of the State of New York serves as the trustee of the Fund and is the administrative head of the System. The Comptroller is an elected official determined in a direct statewide election and serves a four year term. Obligations of employers and employees to contribute and benefits to employees are governed by the New York State Retirement and Social Security Law (NYSRSSL). Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The System is included in the State's financial report as a pension trust fund. That report, including information with regard to benefits provided may be found at [www.osc.state.ny.us/retire/publications](http://www.osc.state.ny.us/retire/publications) or obtained by writing to the New York State and Local Retirement System, 110 State Street, Albany, NY 12244.

The System is noncontributory except for employees who joined after July 27, 1976, who contribute 3% of their salary for the first ten years of membership, and employees who joined on or after January 1, 2010, who generally contribute between 3% and 6% of their salary for their entire length of service. Under the authority of the NYSRSSL, the Comptroller annually certifies the actuarially determined rates expressly used in computing the employers' contributions based on salaries paid during the Systems' fiscal year ending March 31.

(b) Pension Liabilities, Pension Expenses, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

As of December 31, 2024, the City reported the following for its proportionate share of the net pension liability for ERS and PFRS:

	<u>ERS</u>	<u>PFRS</u>
Measurement date	March 31, 2024	March 31, 2024
Net pension liability	\$11,385,534	49,215,117
City's proportion of the net pension liability	0.0773261%	1.0376752%
Change in proportion since the prior measurement date	0.0024588	(0.0629456)

CITY OF NEW ROCHELLE, NEW YORK

Notes to Financial Statements, Continued

(10) Pension Plans, Continued

(b) Pension Liabilities, Pension Expenses, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions, Continued

The net pension liabilities were measured as of March 31, 2024 and the total pension liabilities used to calculate the net pension liabilities were determined by an actuarial valuation as of that date. The City's proportion of the net pension liabilities were based on a computation of the actuarially determined indexed present value of future compensation by employer relative to the total of all participating members, actuarially determined. For the year ended December 31, 2024, the City recognized its proportionate share of pension expense in the government-wide financial statements of \$23,726,945, consisting of \$5,139,470 for ERS and \$18,587,475 for PFRS.

As of December 31, 2024, the City reported its proportionate share of deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>ERS</u>	<u>PFRS</u>		
	Deferred Outflows of <u>Resources</u>	Deferred Inflows of <u>Resources</u>	Deferred Outflows of <u>Resources</u>	Deferred Inflows of <u>Resources</u>
Differences between expected and actual experience	\$ 3,667,271	310,454	15,162,518	-
Changes of assumptions	4,304,614	-	18,563,984	-
Net difference between projected and actual earnings on pension plan investments	-	5,561,773	-	13,359,528
Changes in proportion and differences between City contributions and proportionate share of contributions	693,565	120,659	4,666,353	1,582,187
City contributions subsequent to the measurement date	<u>3,030,471</u>	<u>-</u>	<u>13,130,371</u>	<u>-</u>
	<u>\$11,695,921</u>	<u>5,992,886</u>	<u>51,523,226</u>	<u>14,941,715</u>

The City's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liabilities in the year ending December 31, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to ERS and PFRS will be recognized in pension expense as follows:

<u>Year ending</u>	<u>ERS</u>	<u>PFRS</u>
2025	\$ (1,940,622)	(2,425,888)
2026	2,327,207	15,505,741
2027	3,407,287	9,009,275
2028	(1,121,308)	(874,231)
2029	<u>-</u>	<u>2,236,243</u>
	<u>\$ 2,672,564</u>	<u>23,451,140</u>

CITY OF NEW ROCHELLE, NEW YORK  
Notes to Financial Statements, Continued

(10) Pension Plans, Continued

(c) Actuarial Assumption

The total pension liabilities at March 31, 2024 were determined using a roll forward procedure to advance the liability calculated using system assumptions and member demographics from the actuarial valuation completed as of April 1, 2023. Economic assumptions used in the April 1, 2023 actuarial valuation include:

	<u>ERS</u>	<u>PFRS</u>
Measurement date	March 31, 2024	March 31, 2024
Actuarial valuation date	April 1, 2023	April 1, 2023
Investment rate of return, (net of investment expense including inflation)	5.9%	5.9%
Salary increases	4.4%	6.2%
Cost-of-living adjustments	1.5%	1.5%
Inflation	2.9%	2.9%

To set the long-term rate of return on pension plan investments, consideration was given to a building-block method using best-estimate ranges of expected future real rates at return (expected return, net of investment expenses and inflation) for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Demographic assumptions used in the April 1, 2023 actuarial valuation are based on the results of an actuarial experience study completed April 1, 2020. Demographic assumptions are primarily based on System experience over the period April 1, 2015 - March 31, 2020. Annuitant mortality rates are adjusted to incorporate mortality improvements under the Society of Actuaries' Scale MP-2021.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target allocation</u>	<u>Long-term expected real rate of return*</u>
Domestic equity	32%	4.00%
International equity	15%	6.65%
Private equity	10%	7.25%
Real estate	9%	4.60%
Opportunistic/ARS portfolio	3%	5.25%
Credit	4%	5.40%
Real assets	3%	5.79%
Fixed income	23%	1.50%
Cash	<u>1%</u>	0.25%
	<u>100%</u>	

\*The real rate of return is net of the long-term inflation assumption of 2.9%.

CITY OF NEW ROCHELLE, NEW YORK  
Notes to Financial Statements, Continued

(10) Pension Plans, Continued

(d) Discount Rate

The discount rate used to calculate the total pension liability was 5.9%. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based upon those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

(e) Sensitivity of the Proportionate Share of the Net Pension Liabilities to the Discount Rate

The following presents the City's proportionate share of the net pension liabilities calculated using the current discount rate (5.9%), as well as what the City's proportionate share of the net pension liabilities would be if they were calculated using a discount rate that is 1-percentage point lower (4.9%) or 1-percentage point higher (6.9%) than the current rate:

	1% Decrease <u>(4.9%)</u>	Current Assumption <u>(5.9%)</u>	1% Increase <u>(6.9%)</u>
<u>ERS</u> - City's proportionate share of the net pension asset (liability)	\$ <u>(35,797,281)</u>	(11,385,534)	<u>9,003,340</u>
<u>PFRS</u> - City's proportionate share of the net pension liability	\$ <u>(115,027,271)</u>	(49,215,117)	<u>(5,155,340)</u>

(f) Pension Plan Fiduciary Net Position

The components of each current-year net pension liability of all participating employers as of the respective measurement date were as follows:

	(Dollars in Millions) <u>ERS</u>	<u>PFRS</u>
Employers' total pension liability	\$ (240,697)	(46,138)
Plan fiduciary net position	<u>225,973</u>	<u>41,395</u>
Employers' net pension liability	\$ <u>(14,724)</u>	<u>(4,743)</u>
Ratio of plan net position to the employers' total pension liability	93.88%	89.72%

(g) Contributions to the Pension Plans

Employer contributions to ERS and PFRS are paid annually and cover the period through the end of the System's fiscal year, which is March 31st. Retirement contributions as of December 31, 2024 represent the employer contribution for the period of April 1, 2024 through March 31, 2025 based on prior year ERS and PFRS wages multiplied by the employers' contribution rate, by tier. Retirement contributions to ERS and PFRS for the year ended December 31, 2024 were \$3,860,561 and \$16,548,714, respectively.

CITY OF NEW ROCHELLE, NEW YORK  
Notes to Financial Statements, Continued

(10) Pension Plans, Continued

(h) Contributions to the Pension Plans

Voluntary Defined Contribution Plan

The City also offers a defined contribution plan to all nonunion employees hired on or after July 1, 2013 and earning at the annual full-time salary rate of \$75,000 or more. The employee contribution is between 3% and 6% depending on salary and the City will contribute 8%. Employer contributions vest after 366 days of service. No current employees participated in this program.

The Agency, Corporation and District do not pay any wages and, therefore, do not participate in a pension program.

(11) Retirement Incentives

Legislation approved by the State and adopted by the City provided a new benefit enhancement, pursuant to Chapter 674, Laws of 2003, for eligible police officers. Chapter 674 allowed employers who offered benefits under Sections 384d, 375-1 or 375-j of the New York State Retirement and Social Security Law to elect to provide their Tiers 2, 3, 5 and 6 employees with the benefit of this Chapter, which allowed for retirement at age 55 without pension reductions. Payments are being made over a ten year period with interest at 7.5%. The current year cost and balance due are noted in the table below.

The State Legislature enacted Chapter 57 of the Laws of 2010. This Chapter authorized local governments, at their option, to amortize a portion of their respective ERS and PFRS contributions beginning in 2012. The maximum amortization amount each year going forward will be determined by the difference between each employer's effective contribution rate as compared to the System's overall graded rate. The amortized amounts are to be paid in equal annual installments over a ten year period, although amounts may be prepaid at any time. Interest will be charged at rates which approximate a market rate of return on taxable fixed rate securities of a comparable duration and will be adjusted annually. The City elected to amortize the maximum allowable ERS and PFRS contributions for 2011 as noted in the table below.

	Balance at January 1, <u>2024</u>	Current Year <u>Payments</u>	Balance at December 31, <u>2024</u>	Due Within <u>One Year</u>
2016 Past Service Cost Police	\$ 281,715	(281,715)	-	-
2020 Past Service Cost Firefighters	956,702	(164,711)	791,991	177,064
	<u>\$ 1,238,417</u>	<u>(446,426)</u>	<u>791,991</u>	<u>177,064</u>

The current year payments were included in retirement expenditures in employee benefits in the General Fund.

CITY OF NEW ROCHELLE, NEW YORK  
Notes to Financial Statements, Continued

(12) Interfund Activity

The balances reflected as due from/to other funds as of December 31, 2024 were as follows:

<u>Fund</u>	Due <u>From</u>	Due <u>To</u>
General	\$ 24,179,467	9,151,470
Capital projects	1,297,625	-
Nonmajor governmental	7,978,479	5,314,930
Parking facilities	-	891,325
Railroad station	-	2,879,154
Municipal marina	-	48,457
Internal service	-	6,093,059
Custodial	-	9,077,176
	<u>\$ 33,455,571</u>	<u>33,455,571</u>

The outstanding balances between funds results mainly from the time lag between the dates that (1) interfund goods and services are provided, reimbursable expenditures and for payroll and related expenditures; and (2) transfers of resources for debt service payment.

Interfund transfers are defined as the flow of assets, such as cash or goods and services, without the equivalent flow of assets in return. Interfund transfers for the year ended December 31, 2024 were as follows:

	Transfers <u>In</u>	Transfers <u>Out</u>
General	\$ 6,040,249	11,879,353
Capital projects	1,149,954	-
Nonmajor governmental	11,655,275	2,822,354
Parking facilities	-	281,779
Railroad station	-	637,516
Municipal marina	-	599,476
Internal service	-	2,625,000
	<u>\$ 18,845,478</u>	<u>18,845,478</u>

Transfers are used to 1) move funds from the fund with collection authorization to the funds where additional amounts are needed to reimburse the general fund for certain payroll and related expenditures and 2) to move amounts earmarked in the governmental funds to fulfill commitments for Capital Projects and Debt Service funds expenditures.

CITY OF NEW ROCHELLE, NEW YORK

Notes to Financial Statements, Continued

**(13) Fund Balances**

Certain elements of fund balance are described above. Those additional elements, which are not reflected in the Statement of Net Position but are reported in the governmental funds' balance sheet are described below.

Fund balances as of December 31 2024 are classified as follows:

	General Fund	Capital Projects Fund	Nonmajor Governmental Funds	Total
<b>Nonspendable:</b>				
Prepaid expenditures	\$ 5,479,967	-	-	5,479,967
Inventory	<u>23,372</u>	<u>-</u>	<u>-</u>	<u>23,372</u>
<b>Total nonspendable</b>	<b><u>5,503,339</u></b>	<b><u>-</u></b>	<b><u>-</u></b>	<b><u>5,503,339</u></b>
<b>Restricted:</b>				
Capital projects	-	54,180,855	-	54,180,855
Trusts	-	-	1,067,904	1,067,904
Section 8 housing assistance	-	-	7,852,579	7,852,579
<b>Total restricted</b>	<b><u>-</u></b>	<b><u>54,180,855</u></b>	<b><u>8,920,483</u></b>	<b><u>63,101,338</u></b>
Committed - City charter provision	<u>298,624</u>	<u>-</u>	<u>-</u>	<u>298,624</u>
<b>Assigned:</b>				
Purchases on order	4,598,527	-	-	4,598,527
Subsequent year's expenditures	<u>3,000,000</u>	<u>-</u>	<u>-</u>	<u>3,000,000</u>
<b>Total assigned</b>	<b><u>7,598,527</u></b>	<b><u>-</u></b>	<b><u>-</u></b>	<b><u>7,598,527</u></b>
Unassigned	<u>10,515,197</u>	<u>-</u>	<u>(662,013)</u>	<u>9,853,184</u>
<b>Total fund balances</b>	<b><u>\$ 23,915,687</u></b>	<b><u>54,180,855</u></b>	<b><u>8,258,470</u></b>	<b><u>86,355,012</u></b>

**(14) Significant Contingencies**

**(a) Litigation**

The City is a defendant in numerous pending tax certiorari proceedings, the results of which cannot be determined at this time. Any future refunds resulting from adverse settlements will be funded in the year in which the payments are made.

The City, in common with other municipalities, receives numerous notices of claims for money damages arising from false arrests, property damage or personal injury. There are numerous tort claims pending against the City. However, it is anticipated that insurance coverage will be sufficient to satisfy any resolution of the tort claims pending against the City. The City's Attorney's office has reviewed the status of pending general liability actions and has determined that the amounts reflected as liabilities of the General Liability Claims Fund are sufficient to satisfy any payments rising there from.

CITY OF NEW ROCHELLE, NEW YORK

Notes to Financial Statements, Continued

**(14) Significant Contingencies, Continued**

**(a) Litigation, Continued**

In 2025, the City reached various agreements to settle previous claims from the ordinary course of business. Accordingly, the City has recorded accrued liabilities of \$2,360,000 on the statement of net position for governmental activities and the internal service fund general liability claims fund as of December 31, 2025.

**(b) Contingencies**

The City participates in various Federal grant programs, principal of which are programs of HUD. These programs are subject to program compliance audits pursuant to Uniform Guidance. The amount of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although the City anticipates such amounts, if any, to be immaterial.

**(c) Risk Management**

The City purchases conventional insurance which includes the following:

- General liability coverage, law enforcement professional coverage, employee benefits liability coverage, public officials liability and automobile coverage of \$10 million, with a \$1 million self-insured retention per occurrence, with an annual aggregate of \$11 million for all of the above policies.
- Crime coverage of \$1,000,000 with a \$10,000 self-insured retention per occurrence.
- Property coverage at replacement cost up to a limit of \$205,500,000 in excess of the \$10 million base coverage, with a \$50,000 self-insured retention per occurrence.

The deductible provisions are being funded through the General Liability Internal Service Fund. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. The City is self-insured for workers' compensation benefits. The governmental and enterprise funds are charged premiums by the respective Internal Service Fund. Accrued liabilities in the respective Internal Service Funds include provisions for claims reported and claims incurred but not reported. The City has also reviewed the outstanding lawsuits and has determined that all claims have been reviewed by the claims administrators and the actuary has indicated that the appropriate liabilities have been established within the Internal Service Funds. The City also purchases conventional health insurance from various providers.

**(d) Concentrations**

**(i) Inflows and Providers of Financial Resources**

Real property taxes, other tax items and nonproperty taxes represent approximately 56% of the City's revenue sources. Significant changes in population or the economy have the potential to significantly impact these revenue sources.

**(ii) Workforce Covered by Collective Bargaining Agreements**

The City's workforce has collective bargaining agreements which dictate employment terms including payroll and related expenditures as well as benefits. The following a summary of the City's significant collective bargaining agreements:

CITY OF NEW ROCHELLE, NEW YORK  
Notes to Financial Statements, Continued

(14) Significant Contingencies, Continued

(d) Concentrations, Continued

<u>Collective bargaining unit</u>	<u>Expiration date</u>
New Rochelle Police Benevolent Association CSEA Local 1000, AFSCME, AFL/CIO, New Rochelle, Crossing Guards Unit, Westchester County Local 860	December 31, 2026
CSEA Local 1000, AFSCME, AFL/CIO, New Rochelle Unit, Westchester County Local 860	December 31, 2026
Local 663, Municipal Council 6 of New York, AFSCME, AFL-CIO	December 31, 2026
Uniformed Fire Fighters Association, Local 273, I.A.F.F.	December 31, 2026
New Rochelle Police Superior Officers Association	December 31, 2026

Other collective bargaining agreements are maintained by the City and available upon request.

The current New Rochelle Police Benevolent Association agreement was entered into during the year ended December 31, 2024. The previous agreement expired on December 31, 2020. Since then, the City operated based on the terms of that expired agreement, and in 2024, the new agreement resulted in a significant amount of retro-pay being required to be paid that resulted in an expected one-time expenditure of approximately \$8,000,000 in the general fund.

(e) Constraints

(i) Limitations on Raising Revenue

The City's ability to raise revenue through property taxes is subject to Article VIII of the New York State Constitution and the Real Property Tax Law, including the property tax levy limit ("tax cap") imposed by Chapter 97 of the Laws of 2011. For most cities, the annual increase in the property tax levy cannot exceed the lesser of 2% or the rate of inflation, unless approved by a 60% supermajority of the City Council or governing body.

(ii) Limitations on Spending

Expenditures must be authorized in accordance with the annual budget adopted by the City Council, pursuant to New York State General Municipal Law (GML) and local charter provisions. The City may not incur expenditures in excess of appropriations, except for legally authorized emergency expenditures.

CITY OF NEW ROCHELLE, NEW YORK  
Notes to Financial Statements, Continued

(14) Significant Contingencies, Continued

(e) Constraints, Continued

(iii) Limitations on the Incurrence of Debt

The City's authority to incur indebtedness is governed by Article VIII of the New York State Constitution, the Local Finance Law, and local charters or ordinances. The City is subject to a constitutional debt limit, which is 7% of the five-year average full valuation of taxable real property within the City. All borrowings must be authorized by the City Council and, in some cases, by public referendum. The City is also subject to statutory provisions governing issuance procedures, permissible purposes, and repayment requirements.

(iv) Mandated Spending

The City is subject to various State and Federal mandates that require the provision of specific public services and the incurrence of related expenditures. Such mandated spending includes, but is not limited to, contributions for Medicaid, public assistance, education, employee pension and health benefits, and certain criminal justice and public safety programs.

(15) Tax Abatements

The City has 47 real property tax abatement agreements with various entities that were either entered into by the City or the Agency. Generally, these agreements provide for an abatement of real property taxes in exchange for a payment in lieu of taxes (PILOT). Copies of the agreements may be obtained from the Commissioner of Finance, 515 North Avenue, New Rochelle, NY 10801. Information relevant to disclosure of these agreements for the year ended December 31, 2024 is as follows:

<u>Entity</u>	<u>Purpose/ Program</u>	<u>Tax Value</u>	<u>PILOT Revenue</u>	<u>Tax Abated</u>
City of New Rochelle, New York	General	\$ 1,283,683	235,544	1,048,139
New Rochelle Industrial Agency	General	<u>6,855,968</u>	<u>1,202,232</u>	<u>5,653,736</u>
		<u>\$ 8,139,651</u>	<u>1,437,776</u>	<u>6,701,875</u>

CITY OF NEW ROCHELLE, NEW YORK  
Notes to Financial Statements, Continued

(16) Correction of Error

During the year ended December 31, 2024, management evaluated their capital assets and determined that there were certain assets capitalized for which they did not have title to and that depreciation expense on those assets was not being accurately calculated. Accordingly, net position of governmental activities has been restated as follows:

Governmental activities:

Net position at beginning of year, as previously stated	\$ (192,865,802)
Correction of error:	
Historical cost	\$ (18,886,042)
Accumulated depreciation	<u>16,065,033</u> <u>(2,821,009)</u>
Net position at beginning of year, as restated	\$ <u>(195,686,811)</u>

(1) Population and personal income data can be found in the schedule of demographic and economic statistics.

Note: Details regarding the City's outstanding debt can be found in the notes to financial statements.

**CITY OF NEW ROCHELLE, NEW YORK**  
**Direct and Overlapping Governmental Activities Debt**  
**December 31, 2024**

<u>Government Unit</u>	Net Long-Term Debt <u>Outstanding (1)</u>	Percentage Applicable to City of New Rochelle (3)	Amount Applicable to City of New Rochelle
County of Westchester, New York	\$ 1,539,378,750	2.33%	35,867,525
City School District of New Rochelle (2)	101,446,310	2.08%	<u>2,110,083</u>
Net overlapping debt			37,977,608
City direct debt (3)			<u>176,355,341</u>
Net direct and overlapping debt			<u>\$ 214,332,949</u>

- (1) Excludes enterprise fund bonds and the amount available for repayment in the Debt Service Fund.
- (2) As of June 30, 2024.
- (3) The percentage of overlapping debt applicable is estimated using taxable assessed values. Applicable percentages were estimated by determining the portion of the City's taxable assessed value that is within the government's boundaries and dividing it by the City's total taxable assessed value.

Source: City School District of New Rochelle and County of Westchester, New York, Finance Departments.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the property taxpayers of the City. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the property taxpayers should be taken into account.
